Operations resume at Prominent Hill

- Progressive resumption of operations at Prominent Hill following temporary suspension of work

Operations at Prominent Hill mine are progressively resuming following temporary suspension of work on Sunday afternoon due to the fatal injury of a Byrnegut employee working underground.

Staggered resumption of surface operations began on Monday (6 September 2021) afternoon and, following discussions with crews, underground operations are progressively resuming.

Department of Energy and Mining and SafeWork SA approved resumption of operations on Monday morning.

OZ Minerals (ASX: OZL) and Byrnegut are providing support to the family of the deceased and offering employee assistance support for the workforce across all sites.

OZ Minerals and Byrnegut are working with authorities on the incident investigation.

This announcement is authorised for market release by OZ Minerals' Managing Director and CEO, Andrew Cole.
